

RUMEVITE[®] EZY FEED 30 PELLETS

A high vegetable protein pellet for supplementary feeding of sheep, cattle and goats.

FEATURES & BENEFITS

- High protein pellet (30% CP).
- Nil urea – based upon vegetable protein meal.
- Balanced for vitamins, macro and trace minerals.
- Suitable for sheep, cattle and goats.
- Low grain content for safe feeding.

FEEDING DIRECTIONS

- Rumevite Ezy Feed 30 Pellets is suitable for feeding to sheep, cattle and goats grazing mature dry pasture or in conjunction with hay.
- Before starting to feed Rumevite Ezy Feed 30 Pellets ensure that the appropriate animal husbandry procedures are completed - consult a veterinarian for advice. Livestock of similar size and age should be drafted into groups.
- Feed Rumevite Ezy Feed 30 Pellets at a rate of up to 0.25 kg per 50 kg liveweight per head per day. Feeding rate will depend on forage quantity and quality.
- Rumevite Ezy Feed 30 Pellets can either be fed in self-feeders or troughs.
- When feeding Rumevite Ezy Feed 30 Pellets in a self-feeder or trough, ensure that dry pasture, or hay is readily available and that livestock are able to eat this forage to appetite at all times.
- If high volumes of dry pasture are available, encourage stock to graze out in the paddock by placing supplement further out, away from water sources. Only do this once stock have taken to the supplement. If pastures become grazed out provide hay in racks.
- When using self-feeders, adjust slide settings to regulate feed intake and achieve recommended feeding rates. The feeder slide should be set so that stock have to lick the feed out from under the slide.
- If feeding in troughs, place enough Rumevite Ezy Feed 30 Pellets in the trough for 3 days feeding (up to 0.75 kg per 50 kg of liveweight per head). On the fourth day refill the trough again with enough feed for three days. Continue this feeding method whilst using this feed.
- Rumevite Ezy Feed 30 Pellets is designed to be less palatable than standard grain based pellets and mixes. When starting on this feed use hay or chaff to entice cattle to begin consumption.
- If you wish to seek further advice on feeding Rumevite Ezy Feed 30 Pellets please feel free to contact our Customer Service Centre on 1300 666 657.

ANALYSIS

ELEMENTS/NUTRIENTS/VITAMINS	NUTRIENT LEVELS IN 1 KG DRY MATTER AT 89%
Crude Protein (minimum)	30.0%
Urea (maximum)	NIL
Metabolisable Energy (ME) Ruminant (minimum)	9.0 MJ
Crude Fibre (maximum)	16.9%
Crude Fat (minimum)	1.7%
Calcium (minimum)	1.70%
Phosphorus (minimum)	0.84%
Magnesium (minimum)	0.45%
Salt (maximum added)	2.2%
Copper (added)	NIL
Zinc (added)	168.50 mg
Selenium (added)	0.34 mg
Manganese (added)	67.40 mg
Cobalt (added)	3.40 mg
Iodine (added)	3.40 mg
Iron (added)	50.56 mg
Molybdenum (added)	3.37 mg
Vitamin A (added)	20,225 IU
Vitamin D ₃ (added)	1,685 IU
Vitamin E (added)	16.85 mg

PRODUCT CODE: 101854 (bulk), 101856 (bulka bags – check for availability) and 101855 (20 kg bags)

STORAGE REQUIREMENTS: Store under cover in a cool, dry place, below 30°C and protected from exposure to direct sunlight.

WARNINGS:

- This feed has been formulated specifically for animals as described, and must not be used for other species of animals.
- This feed is unsuitable for human consumption.
- The manufacturer accepts no responsibility if this feed is used in quantities, conditions or in any way other than in accordance with the manufacturers recommendations.
- THIS PRODUCT DOES NOT CONTAIN RESTRICTED ANIMAL MATERIAL.
